Summary of Examiner Interview conducted on Jan. 13, 2009

Interview Summary

The Applicants' Representative, Shawn Peterson, and the Examiner conducted a telephone interview on Jan. 13, 2009.

During the interview, the parties discussed the status of the ongoing reexamination (90/008,136) of the 6,374,311 patent, which is an ancestor of the present application. Though the Applicants do not agree that the references under consideration in the '311 reexamination constitute statutory prior art, to expedite prosecution of the present application, the Applicants proposed claim amendments for the present application based on claims deemed allowable by the reexaminer over such references. The Examiner agreed to submit such amendments via Examiner Amendment to put the present application in condition for allowance.

Additionally, the parties discussed other co-pending applications and parents having to do with power-save operation. The Examiner requested that the Applicants submit a terminal disclaimer with regard to issued patent 5,740,366. Such a terminal disclaimer is submitted herewith.

The Commissioner is hereby authorized to charge additional fees or credit overpayments to the deposit account of McAndrews, Held & Malloy, Account No. 13-0017.

Dated: Jan. 15, 2009

Respectfully submitted,

/Shawn L. Peterson/
